

Education in the Health Professions Track (EHP)

The IDD M.S. program now offers education and training of healthcare professionals in the context of evidence-based practice and professional development for allied healthcare professionals.

Competencies developed in the EHP track:

- Deliver effective interventions based on evidence-based practice
- Demonstrate professional development
- Apply current research
- Develop professional practice
- Demonstrate professional development
- Utilize various resources

Program Structure

The EHP Track has a curriculum that is unique to the IDD M.S. program. Like the normal IDD M.S. program, most students complete their thesis work. The capstone project is a 30-hour thesis project.

- EDL 510 - Theories
