

Tour Tracker

to better control the flow of tour groups.

CIS 497 Senior Project, Spring 2019

The location of tour groups on the EWA bus. The new system will allow the EWA staff and location of their tours. In the current system, the EWA is unaware of minutes of each office. This system will allow tour guides to easily update the

Dylan Spencer

to the public. While a computer science major, and my primary area of interest is in FlightWorks Alabama (FWA) software development. I've watched projects

come to life piece by piece. I enjoy playing a role in giving back to the community through mentoring and working with at risk
