## Worksheets – the Home Page View for Students

Degree Audits act as guide to assist you with planning courses to take toward completion of your degree requirements. An Audit does not replace an official transcript and an advance demic advisor may be contacted for assistance in interpreting this report. Your Degree Works Home Page provides navigation to the functions available to you in the Degree Audit program. Let's take a quick look at the available options.

- x Navigation Buttons Choose from the items on the red buttons as you move around in Degree Works, return to PAWS or Log Out.
- x Student Context: The student context information is displayed in the fields at the top of the window and displays you Student ID and Name along with Degree, Major and date last audit was processed.
- x Tabs: Switch from Worksheets to Plans or GPA Calculators using the Tabs provided just below your ID and name.
- x Navigation PanelSenfit into your degree requirements ach service has addition are ens to provide necessary views.
  - x Student View Degree RecaQuickly check for current degree selection with major and minors plu your class standing and USA GPA.
  - x Degree Progress BaCheck to see the percentage of completion of requirememter to see the percentage of study.

## In Progress Courses

In progress courses are labeled "IP" and indicated with a blue tilde box icon. In the example History of World
